CHT

SMART CHEMISTRY
WITH CHARACTER.

CHT ENZYM BLUE

Ecological and effective against stains

- ▶ Pure enzyme organisms such as living bacteria boost dirt removal
- ▶ With a perfect mix of enzymes
- ▶ Supports stain removal during the pre-wash and main wash
- ▶ Reduces the amount of bleaching agent used and therefore the effluent load

Micro-organisms for naturally pure washing processes

- ▶ Suited for all fibre types
- ▶ Optimum performance within the temperature range of 30 °C – 60 °C
