

PRESS RELEASE

10 September 2024

CHT's paper experts showcase cutting-edge paper solutions at the MIAC 2024 trade fair in Lucca, Italy

- From October 09 - 11, 2024, the CHT Group will be represented at booth C26 at the MIAC trade fair in Lucca
- New products for the tissue industry
- Focus: successful application of CHT enzyme technology

From **October 09 -11, 2024**, the CHT Group will be showcasing its sustainable paper solutions at its **booth C26** at the MIAC paper trade fair in Lucca, Italy. MIAC is the trade fair for the latest developments in the European paper industry with a focus on tissue and converting.

The CHT Group sees itself as a partner for sustainable products and solutions to optimally support paper producers in achieving their sustainability goals. These sustainability goals may comprise energy and resource savings, a high recycling rate, the reduction of CO₂ emissions, and the use of all-natural products to support the circular economy.

QUIMISOFT/CHT-ZID and TUXOL

Our latest developments for the tissue industry include softeners (QUIMISOFT), Yankee-coating products (TUXOL) as well as CHT-ZID probiotics. This latest amendment to our product portfolio offers biocide applications without hazardous substances – the sustainable future of water treatment.

QUIMIZIME/ZIAX

In times of high energy costs, CHT enzyme products (Quimizime/ZIAX) can significantly save refining energy. The powerful biocatalysts also ensure gentle fiber fibrillation, allowing higher strengths to be achieved. At the MIAC conference our colleague **Andrea Cerasaro** will hold a lecture on this topic: ***Successful application of CHT enzyme technology at Bartoli SpA.***

CHT-COATS and CHT-COAT WAXES

From recyclable to biodegradable and now even plant-based barrier coatings, CHT offers a wide range of products tailored to your needs. Boost the performance even further with CHT-COAT WAX additives.

The CHT Group's newly developed solutions support the transition from the fossil age to a sustainable circular economy.

Don't miss the opportunity to change things and contribute to the transition to a more environmentally conscious world. Visit us at **booth C26** and make the initial move.

About the CHT Group

The CHT Group is a medium-sized global player for specialty chemicals and active worldwide in development, production and sales. CHT Germany GmbH in Tübingen is the headquarters of the group of companies which focuses on sustainable chemical products and process solutions.

TEXTILE SOLUTIONS of CHT improve the quality, functionality as well as look and purity of textiles and optimize their manufacturing processes.

In the fields of silicones, building materials, paints, coatings, leather, release agents, paper, agrochemicals, mining as well as cleaning and care products innovative products and process solutions are provided by the Business Field INDUSTRY SOLUTIONS.

By combining the strengths of the complete group further innovative products, applications or processes are continually developed and vast technical support is offered within the SCIENCE & SERVICE SOLUTIONS. Highly qualified specialists work in state-of-the art laboratories for development, analytics and application technique in order to work out ideas and solutions that meet the latest requirements.

The CHT Group with its own production and sales locations is represented by 28 companies worldwide. In the financial year 2023, the CHT Group generated a group turnover of 601 million Euro with around 2,500 employees.
