

## PRESS RELEASE

23 September 2024

### CHT will be presenting exciting chemical innovations for Home Care, Personal Care and Car Care at the SEPAWA® CONGRESS 2024

- From October 16 - 18, 2024, CHT will take part in the most important gathering of the detergents/cleansers, cosmetics and perfumery industry in Europe
- The focus: innovative and sustainable additions to its HANSA® CARE and CHT-BeauSil™ ranges

From October 16 to 18, 2024, the CHT Group will be presenting its innovative Home Care, Personal Care and Car Care products at the SEPAWA® CONGRESS at the ECC ESTREL CONGRESS CENTER in Berlin at booth F 817/818.

The label-free **HANSA® CARE TEA08** is a novel cationic surfactant that can be used in drying aids and shampoos. The product ensures better emulsion stability and a good drying effect.

**HANSA® CARE 9180 ECO** is a sugar-modified silicone that can be used as a universal additive in household detergents and fabric softeners. The unique structure ensures less microplastics in the fabric softener cycle and at the same time improves the elasticity of textiles.

**CHT-BeauSil™ ECO 903** is a PEG-free silicone emulsifier for use in various cosmetic formulations such as Color Cosmetics, Skin Care and Sun Care.

**CHT-BeauSil™ WAX 018** is a silicone wax that can be used as a film former and texturizer in oil-based formulations. The product provides a unique texture. At the same time, high resistance is achieved through film formation.

The SEPAWA® Congress offers a perfect mix of presentations by international experts on innovative developments and research results as well as an exhibition area with more than 300 companies presenting their innovations in the detergents/cleansers and cosmetics/perfumery industries.

Visit us at our **booth F 817/818** from **October 16 to 18, 2024** and see our latest product developments for Home Care, Personal Care and Car Care for yourself.

### **About the CHT Group**

The CHT Group is a medium-sized global player for specialty chemicals and active worldwide in development, production and sales. CHT Germany GmbH in Tübingen is the headquarters of the group of companies which focuses on sustainable chemical products and process solutions.

TEXTILE SOLUTIONS of CHT improve the quality, functionality as well as look and purity of textiles and optimize their manufacturing processes.

In the fields of silicones, building materials, paints, coatings, leather, release agents, paper, agrochemicals, mining as well as cleaning and care products innovative products and process solutions are provided by the Business Field INDUSTRY SOLUTIONS.

By combining the strengths of the complete group further innovative products, applications or processes are continually developed and vast technical support is offered within the SCIENCE & SERVICE SOLUTIONS. Highly qualified specialists work in state-of-the art laboratories for development, analytics and application technique in order to work out ideas and solutions that meet the latest requirements.

The CHT Group with its own production and sales locations is represented by 28 companies worldwide. In the financial year 2023, the CHT Group generated a group turnover of 601 million Euro with around 2,500 employees.
