

PRESS RELEASE

12 March 2025

New presentation at in-cosmetics global 2025: innovative PEG-free silicone emulsifier

- From 8 to 10 April 2025, CHT Group's silicone experts will be at the leading global event for personal care products in Amsterdam

New: cutting-edge PEG-free silicone emulsifier for skin care

With **CHT-BeauSil ECO 903[®]** the CHT Group presents a high-performance, PEG-free emulsifier designed for all W/O and W/Si emulsions. The sugar-modified silicone polymer delivers a light, smooth texture with outstanding stability, **even in low-viscosity formulations**. This innovative emulsifier enhances pigment dispersion, ensuring consistent performance in color cosmetics, skin care, sun care, and hair care.

Replacement for PEG-containing silicones with seamless formulation transition:

A key advantage of CHT-BeauSil ECO 903[®] is its effortless replacement of traditional PEG-containing silicones in formulations, making formulation transitions seamless. **CHT-BeauSil ECO 903[®]** is ideal for modern and high-performance color cosmetics and other personal care formulations.

PEG-free promotion kit

The CHT Group presents a wide variety of innovative and creative products in a promotion kit to demonstrate the unique effect of silicones in formulations. This kit includes a variety of PEG-free formulations with our new PEG-free emulsifier CHT-BeauSil ECO 903[®] – from skin care, to color cosmetic, to hair care.

The kit includes:

- Lip & Cheek Duo Mousse
- Soft & Light Conditioner
- Moisture-Boost BB Fluid
- No Bad Hair Day – Leave-on Spray
- Fast Drying Rice Cream

Visit us in Amsterdam! **in-cosmetics global 2025 in Amsterdam** is the leading global event for Personal Care products where suppliers of ingredients, fragrances or lab and testing equipment meet with cosmetic industry professionals from all over the world.

Visit us from **8 to 10 April 2025** at our **booth 5F55** and convince yourself of our latest product developments in the field of Personal Care.
