

PRESS RELEASE

21 April 2026

The Functional Chemicals experts of the CHT Group will showcase innovative products and solutions at the American Coatings Show 2026 in Indianapolis

Powerful additives for industrial coating systems, printing inks, concrete and architectural paints

Our highly effective additives and binders provide the decisive add-on for your products. Our American Coatings Show highlights:

- **AGOCEL® AC 1147 rheological additive**, our new anti-spatter additive for architectural paints; guar gum base
- PFAS-free, REACH SVHC-compliant **SILCO® surface additives** for improved wetting, leveling, and slip in various coating systems
- Our extensive portfolio of high-performance **SPACTIVE® defoamers** for water-based coatings of all types
- **TECOSIT® film formers**, our high-performance specialty polymers for efficient, long-lasting film properties
- **ULTRALUBE® CT 1273 surface modification** as an alternative to PFAS-modified additives for semi-matte and matte coatings
- **VARIPHOB® AC 3030 hydrophobic agent** for an innovative combination of breathability and reduced water absorption
